

*Dear customer/partner/visitor,*

*Since the outbreak of COVID-19 our company has taken measures to ensure the health of our staff and continue to fulfil our mission to our clients.*

*As companies across the world are cautiously coming out of lockdown and preparing a progressive return to work, we are following all hygiene, social distancing and travel guidelines laid out by the World Health Organization (WHO) as well as all local governmental recommendations and requirements, thus preparing us on how best to adapt to a new business reality.*

*To help our communities emerge stronger from the health crisis, Pinnaql is working with customers on developing value added services to support their safe operational return to business and help rebuild their confidence levels.*

*This moment reminds us that we're all connected like never before. We're called upon to be our best selves, with patience, understanding and compassion. On behalf of all of us at Pinnaql, we're committed to being your partner and persevering together in all the days and years ahead.*

*Take care of yourself, stay safe and healthy.*
